About This Game

A desperate man asks on an online forum for help, rambling about an old "haunted"
videogame he barely managed to get running. He needs someone to assist him as it appears that this game can only be played by two people.
A downloadable file to connect you to his server is all he left before he stopped responding.

Help self-proclaimed scientist William to figure out the mystery behind this program.

GAMEPLAY:

The Wranglers is a story based platformer in third person.
Jump and run your way through the different stages, while shooting bullets at incoming enemies.

EXPLORATION:

Delve into 24 highly different areas of the forest!
Will you be able to find all of the forest's secrets?

MORAL CHOICES:

The game has choices, each of which has a massive impact on your experience.
See different places, meet different people...

Each playthrough plays completely different!
Letting you experience the story from multiple different perspectives!
